Why Get Hackathon Ready

Hackathons are great opportunities to test your capacity of working under pressure, learning to solve problems fast and focus on what's really important. Even if time is not really on your side, at the end you will be amazed at what you've managed to build in such a short period of time. You will now be aware of your capacity and you can objectively rank your coding skills.

CHATBOT

Do you know Digital Lync has its own Chatbot? Yes, almost all the tasks inside the hub is handled by our virtual assistant named 'DH-Bot'. Do you want to know how actually it works? Get Hackathon Ready will let you explore all the modules inside the chatbot and help you make your own personal chatbot using Python.

Project: 2

FACIAL RECOGNITION

How about an app which recognises you and marks your attendance based upon recognizing the faces? No need for that old punch and come method. Just show your face and that's enough. Your company recognises each and every employee by face, what else do we want? Work on this cool project with us by applying advanced concepts of Deep Learning and Computer Vision
